Roof plan
Electrical plan

WHAT THIS EXAMPLE SHOWS

The two pages that follow are taken from a real plan, so the drafting is exactly what you would receive. The floor plan here is the undimensioned version: the dimensions, the framing notes and the electrical sheets are in the set you buy, and are not in this example. Example taken from Eagle Ranch — 3 bed, 2 bath, 2,000 sq ft.

EXAMPLE - NOT FOR CONSTRUCTION
